

Realist 1220 / 110

COLLECTION CHARACTERS

colours

fabric width (cm) 137

material 100 % Polyester

transparency opaque fabric

care instruction 
no steaming

characteristics 

suitable for 

Repeat width 17

Repeat height 34

description

The most truthful way of describing REALIST is that it is sophisticated, refined and artful. Subtly multicoloured warp and weft threads are used to create this special fabric. Its pattern evokes structures from nature and abstract art. This means that it fits in perfectly with any interior design style.
