transparency	semitransparent fabric
care instruction	    
characteristics	    DIN 4102 B1
suitable for	 
Repeat width	-
Repeat height	-

### description

BAGHEERA – minimalist, natural and wonderfully comfortable. The three-dimensional texture is reminiscent of wickerwork structures and impresses with its soft flowing drape and excellent draping properties. In 16 balanced feel-good colours, BAGHEERA conjures up a smile on your face – and your living space. The easy-care plain colour fabric of the high quality and opaque version can be lined and for a cosy look we recommend the upright decoration. The clean look is defined by a high-quality hem and an inlaid weight band.
