description

The modern Scherli fabric CHIP will capture your senses. A coarse and striped net in trendy seersucker technique, made on a highly transparent organza ground. The vivid contrast between transparency and density as well as smooth and three-dimensional wavy structure makes CHIP a very special textile: in five natural and delicately metallic-looking basic colours. Fil coupé, seersucker effect, cut-off threads on the back, transparent fabric, fabric width: 290cm, 5 colours, 100% PES
