Fabrics that ensure peace and quiet

ADO thermo fabrics are not only beautiful to look at, they also provide pleasant peace and quiet within your four walls. Their dense structure provides soundproofing for disruptive acoustic reflections and therefore reduces the noise level in your rooms as well*. The low- maintenance, durable fabrics contribute to pleasant room acoustics, especially in rooms with high ceilings and hard floors such as tiles, parquet flooring or laminate.

* Sound absorption tests from the independent ‚Hohenstein Institute‘ confirm an excellent degree of soundproofing.
