

Product data sheet

ARISE is proof that opposites do attract. The microbouclé represents elegance with modern restraint, metallic hues without over-the-top shine, providing transparency while also maintaining privacy. It's an aesthetic that works: ARISE is easy to care for, washable at 60°C, flame retardant, floor length, lightfast and good for the environment with added recycled polyester.

Arise FR RE

ARTICLENUMBER	3023 / 742
COLLECTION	ADO - F23
NUMBER OF COLORS	9
